Divyanshu Rajput

Student

Hi, I'm Divyanshu Rajput, a driven computer science major with a passion for using machine learning to make an impact. I've led projects detecting emotions and predicting ages from images with over 90% accuracy. As an AWS intern, I picked up skills in cloud computing and developed scalable apps. I love implementing ideas from conception to apply my technical skills and background in ML and data engineering to build innovative solutions.

EDUCATION

Bachelor of Technology
Galgotias University

08/2021 - 08/2025   *Gautam Buddha Nagar , Utter Pradesh*

Courses
- Computer science
- Artificial Intelligence

SKILLS

Web developement   HTML   Artificial intelligence

Machine learning   Javascript   Cloud   Python

C++   C

PERSONAL PROJECTS

House Price Prediction (03/2023 - 05/2023)
- House price prediction (regression algorithms with 95%+ accuracy)

Emotion Detection (06/2023 - 07/2023)
- Emotion detection from facial images (computer vision CNN model with 90% accuracy

CERTIFICATES

AI-ML Virtual Internship (05/2023 - 07/2023)

Execution Management Consulting (08/2022 - 09/2022)

Process Mining Virtual Internship (07/2022 - 09/2022)

INTERESTS

Tennis   Volunteer Work
